

WINTER FOOD DRIVE

STOCK THE SHELVES THIS WINTER

SETTING UP YOUR ONLINE FUNDRAISER

Thank you for organizing an online fundraiser for Second Harvest. Our online fundraising tool is quick to set up and easy to manage. Any individual or someone representing a business, church, school or other group can set up a fundraising page to benefit Second Harvest, or join one of our existing fundraising pages.

In just a few simple steps, you can join our Winter Food Drive fundraising page and be ready to start collecting funds online:

1. To begin setup, go to www.crowdrise.com/winterfooddrive2017
2. Click SET UP YOUR FUNDRAISER.
3. You can either JOIN A TEAM or START YOUR OWN FUNDRAISER.
4. START YOUR OWN FUNDRAISER by filling in title, goals, text, and photos.
5. You will be asked to either login or create a Crowdrise account.
6. Once you are logged in, follow the simple steps to finishing your fundraising page and making it live.
7. You will be able to e-mail your page and share your fundraiser link on social media with friends and coworkers to invite them to donate to your fundraiser. You can even start a little healthy competition with other friends, departments, classrooms or team challenges.
8. People who donate to your fundraiser will receive confirmation by e-mail and Second Harvest will send a donation receipt.
9. You will be able to track the real-time progress of your fundraiser on your page at any time.

Every \$1 you raise provides 5 meals for hungry people.
Thank you for helping Second Harvest fight hunger and feed hope.
