A Message to Our Bite2Go Community

24-25 bite2go yearbook

Thanks to your partnership and generosity, the 2024-25 school year was one of Bite2Go's most impactful yet. Together, we served more than **12,700** kids across **16 counties** in Eastern Washington and North Idaho. That includes expanding into **Wilbur-Creston, Nespalem** and Spokane Valley's **Central Valley School District**, where new community partners stepped up to meet local need.

During a time of rising food prices and deepening need, your support helped fill the weekend food gap for thousands of kids who face chronic food insecurity at home. Because of you, they had reliable access to nutritious, shelf-stable food—enough to stay nourished through the weekend and come to school Monday morning ready to learn.

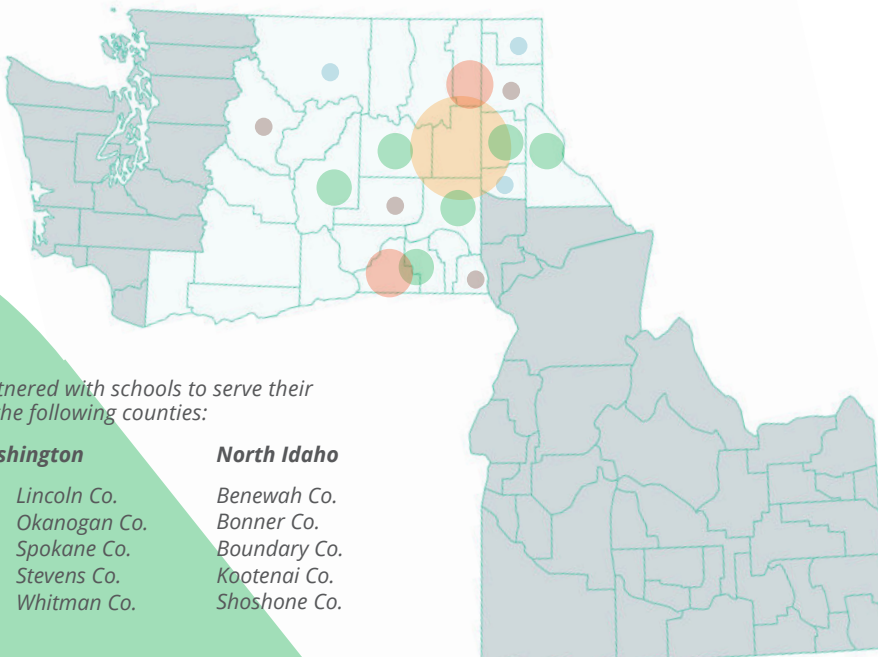

This report—the Bite2Go Yearbook—is our way of saying, “thank you.” It highlights the impact you made and the communities you strengthened.

By the numbers

Proud to Serve the Inland Northwest

With roots in Spokane, Bite2Go has grown to serve 16 counties across Eastern Washington and North Idaho.

Over **375,000** Bite2Go kits were shared.

200 adoptive organizations served food insecure children.

Volunteers clocked over **10,944** hours.

240 schools welcomed Bite2Go to help students facing hunger over the weekend.

Adoptive Organizations pre-K and elementary schools

Thank you to the generous adoptive organizations who make Bite2Go possible. Please take a moment to recognize the multitude of businesses, faith organizations, and individual donors who have invested in taking a stand against child hunger.

"Gesa partnered with Second Harvest's Bite2Go program because we believe students should concentrate on learning rather than experiencing uncertainty about their next meal. Through Bite2Go, we empower children across our communities to excel in their educational journey by providing nutrition support."
